Re: IntraLATA Toll Dialing Parity Plan of NewSouth Communications Corp.

Dear Mr. Waddell:

Pursuant to the FCC's March 23, 1999 Order^{1/}, enclosed for filing in the above-referenced docket is an original and thirteen (13) copies of NewSouth Communications Corp.'s IntraLATA Toll Dialing Parity Plan.

Please date-stamp the extra copy of this filing and return it to us in the self-addressed, prepaid envelope enclosed herein. Should you have any questions on this matter, please do not hesitate to contact Kevin Minsky at (202) 945-6920.

Respectfully submitted,

Dana Frix
Kevin D. Minsky

Counsel for NewSouth Communications Corp.

^{1/}Implementation of the Local Competition Provisions of the Telecommunications Act of 1996, CC Docket No. 96-98 (rel. Mar. 23, 1999).

**NEWSOUTH COMMUNICATIONS CORP.
INTRALATA TOLL DIALING PARITY PLAN**

INTRODUCTION

NewSouth Communications Corp. ("NewSouth") will initiate the process that will give end user customers the opportunity to designate a carrier for their intraLATA toll call traffic in those market areas where NewSouth is a facilities-based local exchange service provider. IntraLATA toll calls will automatically be directed to the designated carrier without the customer having to dial an access code.

POLICIES

NewSouth will deploy two-PIC (Primary Interexchange Carrier) technology in its switches. This technology will enable the customer to presubscribe to the same or a different carrier for their intraLATA and/or interLATA service.

Appropriate tariffs will be revised and filed in accordance with this plan.

NewSouth will offer customers the ability to access all participating carriers by dialing the appropriate access code (10XXX/101XXXX).

All eligible NewSouth end user telephone line numbers will be presubscribed and must have a PIC associated with them.

CARRIER INFORMATION

Interexchange carriers will have the option of offering intraLATA service only or intraLATA and interLATA service.

Interexchange carriers will have the option of participating in all market areas or in a specific market area.

Interexchange carriers will be required to return a completed Non-Disclosure Agreement and Participation Agreement(s).

NewSouth will not participate in billing disputes for intraLATA service between alternative competing interexchange carriers and their customers.

NewSouth representatives will not initiate or accept three-way calls from alternative interexchange carriers to discuss presubscription.

Carriers wishing to participate will be requested to submit Access Service Requests/Translation Questionnaires to the Access Tandem owner and to NewSouth.

CALL ELIGIBILITY/TOLL DIALING PLAN

A local service customer of NewSouth will have calls routed according to the following plan:

If a NewSouth Customer Dials:	The Call is Handled By/Routed To:
911	PSAP on originating line number
411/555-1212	NewSouth Directory Assistance Operator
0-	NewSouth Operator
0 + intraexchange number	IntraLATA Toll Provider
1 + 7 or 10 digits	IntraLATA Toll Provider
0 + 7 or 10 digits interexchange number	InterLATA Toll Provider
10XXX or 101XXXX + 0-	XXX/XXXX Carrier
10XXX or 101XXXX + 0 + 7 or 10 digits	XXX/XXXX Carrier
10XXX or 101XXXX + 7 or 10 digits	XXX/XXXX Carrier

If a NewSouth customer originates a call to a carrier Operator by dialing 00-, the call will be routed to the PIC on that customer's line. If the customer originates a call to a carrier Operator by dialing an access code (e.g., 10XXX/101XXXX + 0-), the call will be routed to the XXX/XXXX carrier. In both cases, the carrier's switch is responsible for routing this call to the carrier's Operator or to an announcement.

NETWORK INFORMATION

All originating intraLATA traffic will initially be routed via the incumbent Local Exchange Carrier (LEC) Access Tandem(s). Following conversion, direct trunks between the NewSouth switch and the interexchange carrier location(s) may be provisioned where traffic volumes warrant.

Interexchange carriers must have Feature Group D trunks in place (or ordered) between their point of presence and the incumbent LEC Access Tandem(s).

NewSouth will route all originating intraLATA traffic to the designated carrier and will only block traffic at the request of the end user customer and/or in compliance with regulatory requirements. Requests from carriers to block traffic or to remove customers from their network will not be honored. Calls that cannot be completed to a carrier will be routed to an announcement.

CUSTOMER CONTACT INFORMATION

NewSouth customer contact representatives will process customer initiated PIC selections to NewSouth or to an alternative intraLATA carrier. Carriers will have the option of allowing the NewSouth representative to process PIC requests on their behalf.

NewSouth will not ballot or allocate their customer base. At the time of conversion, all customers will be "PIC'd" to NewSouth unless another carrier is chosen by the particular customer.

NewSouth customer contact representatives will not comment on a customer's choice of its intraLATA PIC when the customer contacts NewSouth to change the PIC. NewSouth customer contact representatives will respond to customer inquiries about intraLATA carriers in a competitively neutral fashion. If a customer requests information relating to carriers other than NewSouth, a list of participating carriers will be read to that customer in random order by NewSouth representatives.

If the intraLATA toll carrier selected by the customer permits NewSouth to process orders on its behalf, NewSouth will accept the PIC change request. If the customer selects an intraLATA toll carrier that does not allow NewSouth to process PIC changes on its behalf, NewSouth will provide the customer with the carrier's toll-free number (if provided by the carrier).

NewSouth representatives will not discuss alternative carrier rates or services and will not provide customers with Carrier Identification Codes or access code dialing instructions.

PRESUBSCRIPTION INFORMATION

A \$5.00 PIC change charge will be incurred and billed to a NewSouth customer for each eligible line where a PIC change is made. NewSouth will offer its customers a 12-month grace period following Plan implementation during which the customers may change intraLATA carriers without a PIC change charge. Customers can make one PIC change during these 12 months at no charge. After the 12-month period, NewSouth will assess the \$5.00 PIC change charge. NewSouth offers interexchange carriers the option of having the PIC charge billed to the carrier or to the customer.

New line customers, including customers adding lines, will have the opportunity to select a participating carrier, or they will be assigned a NO PIC designation. If a customer cannot decide upon an intraLATA carrier at the time of order, NewSouth will offer the customer a 12-month grace period following placement of the customer's service order for the customer to select an intraLATA carrier without charge. Such a customer will be assigned a NO PIC designation in the interim. After this 12-month period, NewSouth will assess the \$5.00 PIC change charge as described above. Customers assigned a NO PIC designation as set forth in this paragraph will be required to dial an access code to reach an intraLATA carrier's network.

If a NewSouth customer denies requesting a change in intraLATA toll providers as submitted by an intraLATA carrier, and the intraLATA carrier is unable to produce a Letter of Agency signed by the customer, the intraLATA carrier will be assessed a \$30.00 charge for the unauthorized PIC change and the PIC will be changed as per the customer's request, in addition to any other penalties authorized by law.

Alternative interexchange carriers may submit PIC changes to NewSouth via a fax/paper interface.

NewSouth will process intraLATA PIC selections in the same manner and under the same intervals of time as interLATA PIC changes.

Carriers will be required to submit PIC changes using the Customer Account Record Exchange (CARE) format via paper medium. NewSouth will provide carriers with PIC order confirmation and reject information using the CARE format. Specific details regarding CARE will be provided to participating carriers.

For customers who change their local service provider from the incumbent LEC to NewSouth and retain their incumbent LEC telephone number(s), NewSouth, as part of the CARE PIC process, will provide the selected intraLATA carrier with both the retained (incumbent LEC) telephone number and the NewSouth telephone number.
